THE NEW STANDARD FOR INNOVATION

## UltraLine from UltraSource!

Kansas City, Missouri

### Press Release

Contact: Patrick Brune  
Phone: (800) 777-5624

UltraSource has expanded its UltraLine of operational supplies products that now includes Polyurethane boots, rollstock packaging film, nitrile and vinyl gloves, food grade mineral oil, cutlery and more. Visit [UltraSourceUSA.com](http://UltraSourceUSA.com) or stop by booth B5759 to learn more about the extensive line of high performance and value operational supplies from UltraSource.

### UltraBoots™ High Performance Polyurethane Boots

#### COMFORT MEETS PERFORMANCE

Polyurethane material helps insulate against cold temperatures

- » Will not stiffen in cold temperatures
- » Self-cleaning soles for better traction
- » Plush, ergonomic insoles provide superior foot support
- » Safety toe meets ASTM F2413 -11 I/75 and C75 protective safety toe requirements

### UltraKnife™

Curved boning knives

- » High quality Molybdenum steel
- » Cryogenic treatment enhances performance and retains edge longer
- » Orange antibacterial textured handles
- » Front and rear bolsters protect against slippage

### UltraTotes

Advanced design, food approved

UltraTotes' advanced design features more cross ribs for higher structural integrity. Less flex and reinforced corners mean longer lasting totes. Along with increasing the structural ribs, they have a radius that reduces bacteria buildup caused by clinging debris. Tote lids, sold separately, are made to withstand stacking.

- » FDA approved for food contact
- » 50-lb. capacity, 1.38 cu. ft.
- » Nested or cross stack design
- » Fits all standard carts
- » Weighs less than 4-lbs.
- » Designed and made in the USA

**Visit [UltraSourceUSA.com](http://UltraSourceUSA.com) or stop by booth B5759 to learn more about these and many other high performance and value operational supplies from UltraSource.**

# UltraSource®

THE NEW STANDARD FOR INNOVATION

## UltraPro™

Clean, lubricate, and protect with White Mineral Oil

- » FDA approved; colorless, odorless, and tasteless oil authorized by the USDA for use in food processing plants
- » Use on equipment, trolleys, tracks, and any other area to inhibit rust
- » Contains Vitamin E, a natural antioxidant to protect quality, and chemically and biologically stable to reject biological growth

## UltraGlove®

Blue nitrile, powder free disposable gloves

Nitrile gloves are more puncture and abrasion resistant than vinyl or latex, while offering superior resistance to animal fats, acids, and other caustic material.

- » High quality nitrile
- » Powder free
- » No natural latex components
- » Beaded, rolled cuff
- » Ambidextrous
- » Industrial grade
- » 4 mil thick
- » Textured finish for better grip
- » S, M, L, XL, 2XL

Black Film

Random Print Film

High Barrier Film

High Temp Film

## Rollstock Film

Unsurpassed clarity & quality

- » Value priced with unsurpassed clarity & quality
- » Many film options to choose from including forming, non-forming, clear, opaque, scatter print, and more
- » FREE shipping customized to your needs
- » No minimum order requirements
